Stick with **Honey Oil**

Honey Oil is a San Diego based collective of growers and extractors who take pride in offering the **purest oils** in the highest quality hardware. Each product we offer has been heavily tested by the cannabis community and formulated to taste just right. Give your customers the quality they deserve.

SOCIAL MEDIA MARKETING PROGRAM

At Honey Oil, we understand the importance of being connected. So, as an added bonus for our partner retailers, we are offering a complimentary marketing service by featuring dispensaries we work with on our social media sites. We create custom designed posts using a dispensary's brand, meaning we tie in individual brand characteristics—like their logo and specific colors—into our posts. This is a free service that we want to offer in order to help our partner retailers promote their businesses and drive their own sales—just think of it as another perk of working with Honey Oil!

Honey Oil has organically built a large audience through our social media presence. We currently reach around 18,000 followers and are continuing to grow. Our followers are mainly urban based between the ages of 18 and 34. With these demographics in mind, we post numerous times every month, meaning there are multiple opportunities for retailers we partner with to expand their online audience, increase visibility, and boost sales. So far, this free service has had a significant impact with our partner retailers and has resulted in thousands of dollars of increased revenue to dispensaries we promote.

100% LIVE RESIN

FULL FLAVOR, FULL SPECTRUM CARTRIDGES
AVAILABLE IN 500MG

**AUTHENTIC CCELL
CARTRIDGES**

**NO DISTILLATE OR
CUTTING AGENTS**

**1.3 OHM CERAMIC COIL,
510 THREADED**

**MULTIPLE STRAINS
AVAILABLE**

Honey Oil live resin carts are made from strain specific buds that are flash frozen to -60°C immediately after being harvested. This locks in the fresh flavor of the terpenes while retaining all the other cannabinoids within the plant. These carts are overfilled to .55g and contain no distillate, cutting agents, or artificial terpenes whatsoever.

Live resin oil pulls all the cannabinoids present in the plant unlike distillate which is pure THC. This creates a much richer taste and a full body high.

1.8" tall x 1.2" wide x .6" thick
48 x 31.5 x 17mm

Weight: 21 grams

IT'S KIND OF A BIG DEAL

We designed the Mini Mod to be smaller and more compact than a traditional pen style battery. They're built to fit any 510 threaded cartridge on the market up to 11mm diameter.

Works with both 1g and .5g carts, top or bottom airflow.

Super compact, super discreet, super powerful.

Perfect for events, festivals, and traveling.

Each box Includes:

Mini Mod Battery, Micro USB Cable,
Quick Disconnect Lanyard

PRE-ROLLS

Honey Oil pre-rolled joints are stuffed with 1 gram of premium indoor flower and come in a variety of strains. Each king size Raw® paper is tightly packed and rolled to burn perfectly smooth every time.

AVAILABLE STRAINS:

Wedding Cake
